Health, Safety & Environmental Coordinator Calgary, AB

Packers Plus is the pioneer of open hole, multi-stage horizontal fracturing and we provide technology-based solutions to the oil and gas industry around the world. To support our growth, we are looking for an **HSE Coordinator**, who will be based in our Calgary office.

The **HSE Coordinator** will participate in a wide variety of activities at our field and office locations. They will contribute input and make recommendations to the appropriate leaders on various safety systems. More specifically, this role will:

Key Tasks and Responsibilities

- Direct and coordinate activities to ensure safety program objectives are met
- Conduct hazard identification and site inspections
- Evaluate and prepare action plans for COR audit
- Perform incident and near miss investigations
- Reporting safety statistics
- Facilitate internal safety audits and identifying and addressing issues, including corrective actions and program enhancements
- Lead safety meetings and attend manager meetings
- Perform root cause analysis and monitor business trends and work towards corrective action
- Represent Packers Plus at industry safety events and conferences
- Update and maintain safety manual and communicate changes
- Facilitate training programs (e.g. IRP 16 Orientation, WHMIS, TDG, Forklift, Overhead Crane , etc)
- Travel to field locations

Educational Requirements

- Certified in Health & Safety or Equivalent
- CRSP Preferred

Competencies, Skills and Experience

- Familiar with Federal and Provincial Safety regulations
- 3 years experience working in the oil and gas field, preferably in field services
- Experience developing and facilitating training programs
- Analytical and problem-solving skills
- Strong organization skills and ability to manage a constantly changing workload
- Excellent oral and written skills, including solid presentation skills
- Excellent interpersonal skills
- Energetic, adaptable and highly personable
- Proficient with Microsoft Office products

About Packers Plus

Packers Plus Energy Services is a completions technology company with locations in the United States, Canada and around the world. Staffed with some of industry's best completions personnel, Packers Plus can engineer and execute the most challenging completions, whether deep, critical sour or extended reach horizontal.

We are unlike any other completions company. Ingenuity in product design, combined with service, quality, and knowledge of the needs of producers sets us apart from the pack. Look for the introduction of a number of exciting, new and innovative products which are designed to reduce well costs, improve production, and maximize profits.

E-mail your cover letter and resume referencing the above position to careers@packersplus.com.
