Are you keen to make your mark on a dynamic and growing company?  
Do you want to be valued for your skills, your experience, and your initiative?*

### IT Director Calgary

Packers Plus is the pioneer of open hole, multi-stage horizontal fracturing and we provide technology-based solutions to the oil and gas industry around the world. We are looking for an **IT Director** in our downtown Calgary office.

#### Key Tasks and Responsibilities

- Provide advice on evaluation, selection, implementation and maintenance of information systems, ensuring appropriate investment in strategic and operational systems
- Lead the rationalization, management, and integration of multiple information and communications systems and projects (including voice, data, imaging, technology based product development, and automation) driving the coordination and consultation with senior management
- Ensure that the Calgary operation is current with the information systems standards as set by company and participate in policy and decision-making regarding resource allocation and future direction and control of proposed information systems
- Develop, maintain and communicate standards relating to the acquisition, implementation, and operation of IT and communication systems, including contribution to disaster recovery and ERP planning

#### Educational Requirements

- Post Secondary Degree in Information Technology, with an advanced degree in IT or business; or equivalent experience

#### Competencies, Skills and Experience

- Excellent communication and interpersonal skills; highly effective at creating and sustaining strong internal and external business relationships
- Exercises a high degree of organizational savvy
- Skilled analytical and conceptual thinker with the ability to grasp the complexities of the business
- Highly effective at creating and executing strategy in a way that is supported by the business units
- High degree of flexibility
- Proven leadership skills to influence across many diverse businesses and cultures
- Navigate and prioritize effectively across multiple demands made by the organization and management
- Develops direct reports with proven ability to direct the work of others, building and motivating an effective team

#### About Packers Plus

Packers Plus Energy Services is the pioneer of open hole, multi-stage horizontal fracturing systems with locations in the United States, Canada and around the world. Staffed with some of the industry's best completions personnel, Packers Plus provides technology-based solutions to the oil and gas industry around the world.

We are unlike any other completions company. Ingenuity in product design, combined with customer intimacy, operational excellence, and knowledge of the needs of producers sets us apart from the pack. Look for the introduction of a number of exciting, new and innovative products which are designed to reduce well costs, improve production, and maximize profits.
